

Adrienne Warden

UX/Web Designer

Email: adrienneaew@adrienneaew.me

LinkedIn: [adrienneaew](#)

Portfolio: [AEWPortfolio](#)

Self-taught, dedicated and highly motivated designer with experience in Front-End development and UX Design. With a deep passion for user-centric design and knowledge of frameworks, code, wireframing and prototyping. Seeks real world-experience that will employ my skills, provide mentorship and allow me to contribute to keeping the web resourceful, safe, free and open.

Skills

CSS, HTML, JavaScript, React, Bootstrap, Sass, WordPress, Design Principles and Systems, UX Design, Git, Project Management, Collaborative, Remote Experience, Inquisitive, Multi-tasker, Solution driven

Methodologies

Figma, Adobe, Responsive Web Design, Wireframes, Prototypes, Semantics, Accessibility, Web Best Practices

Education

Google UX Professional Certification

March 2021 - February 2022

A 7-part certification in foundational concepts in UX design, such as user-centered design, the design process, accessibility, wire and digital frames, prototyping and equity-focused design.

Responsive Design

June 2018

Focused on languages that developers use to build webpages: HTML for content, and CSS, CSS variables, best practices for accessibility by building a web form, cross browser functionality, Flexbox and CSS Grid.

CSS Essentials 1, 2 and 3

October 2017

Training in advanced selectors, when to use the float, display, and position properties, CSS browser developer tools, debugging your front-end code, mobile-first approach, grids, flexbox, animation, transitions, and accessibility.

Projects

If I Did That

[Perry Associates Real Estate](#)

“If I Did That” is my way of putting into practice my design and UX training. The focus of this project was controlling the search.

View [project details](#) – a React app page.

Profiles

[Vtabs 2](#)

A chance to hone my JavaScript skills. This page was built using HTML, CSS and JavaScript.

Apps

[Web Apps](#)

“If I Did That” is my way of putting into practice my design and UX training. The focus of this project was controlling the search.

E-commerce

[Man With A Van](#)

This is a small business website. The goal was to max out as many free resources as possible.
